Miniature LED Uplight and Wall Light

Data sheet

Design: PJC Lighting Project: Demelza Hospice Product: LD41 in handrail

Our smallest exterior LED the LD41 is a very tough, compact fitting containing the latest in LED technology. It can be run up to 1.7W, and comes with a choice of beam angles making it suitable for a wide range of applications.

Key Features

- Minimal bezel and recess depth
- Can be specified with frosted glass for indicator applications, a wide beam works best for this effect
- Machined from a solid billet of stainless steel 316
- No visible fixings. Fixing options include O-rings and a first fix sleeve or bonding directly into the mounting surface
- Integral anti-wicking barrier increases protection against moisture ingress due to incorrect IP rated cable connections
- Not designed for permanent submersion, please use our LD242A
- Available with Switch, 0-10V, DMX, Dali or Mains dimmable drivers
