

LD40

MINIATURE SHALLOW LED DOWN LIGHT AND WALL LIGHT

CB | R + R

LD40 is a shortened version of our LD42, and has been designed for use in applications where recess depth is at a minimum. The optic has been moved further forward and the body length shrunk to allow for an overall depth of 22mm including cables. The high-power C1 NICHIA LED and range of optics make this a very useful, compact light fitting. Applications include shelf lighting and under kitchen cabinets.

KEY FEATURES

- > Very shallow, only 22mm recess depth required including cable
- > Ideal for shelf lighting or under cabinets
- > 93 CRI LED in warm white
- > Range of beam angles
- > Maximum output is 500mA 1.7W due to its small size
- > Minimal bezel thickness
- > Available with Switch, 0-10V, DMX, Dali or Mains dimmable drivers
